

PRESS RELEASE

*A new qualification of the KaNest® test tool for nexo!
KaNest® is the only test tool for nexo certification
to be available and qualified*

Boulogne (France), June 11th, 2018

Galitt, in partnership with Elitt, confirms with this new qualification its unrivalled know-how and knowledge of the nexo standards.

The new qualified test tool supports the version v 2.1.3 of the nexo test plan, providing acceptance systems with modularity in the implementation of the NIS 3.2 standard.

The growing success and current deployments of the nexo standard have been made possible due to KaNest® test and certification tools, which were offered to the various stakeholders since 2013: vendors, retailers, acquirers, processors and laboratories.

Galitt, an active member of nexo since the beginning, confirms its commitment: a new version of KaNest® supporting the implementation specifications and the NIS 4 test plan will be available soon. KaNest® customers of version 3.2 will benefit from an automated migration, leveraging investments already made and expertise acquired by their teams.

nexo is an open international association dedicated to proposing new standards for payment acceptance ecosystem, based on ISO 20022. Headquartered in Brussels, its members represent the full spectrum of card payments stakeholders.

About Galitt (www.galitt.com) – Galitt, a Sopra Steria company, offers consulting and services dedicated to payment systems and secure electronic transactions. With a full set of recognized skills and know-how, Galitt assists its clients during the whole project life cycle: experts from the *Payment Consulting* Unit with their innovative approaches shed light on strategic choices; consultants from the *Payment Services* Unit support customers implementing their payment projects; teams from *Testing Solutions* Unit develop test software and take an active role in test automation and certification processes; staff from the *Payment Solutions* Unit build and run added-value payment applications; trainers from the *Payment Education* Unit broadcast Galitt expertise and skills during their seminars.

Catti™, KaNest®, VisuCard®, G-Tokenizer™ and VisuBank® are software designed, developed and maintained by Galitt that may also host and operate them.
