

PRESS RELEASE

Discover® Test Suite developed by Galitt is selected by ICTK

Boulogne-Billancourt (France), September 17th, 2018

Bureau Veritas ICTK (ICTK Co., Ltd.), the global testing service & security solution provider, has selected a Galitt Terminal Test Suite: the contactless D-PAS Terminal Test Suite qualified by Discover® Global Network.

The laboratory ICTK has selected a Test Suite developed by Galitt: the contactless D-PAS Terminal Test Suite qualified by Discover® Global Network. These ready-to-use Test Suite implements the Discover D-PAS functional Contactless & C6 Test Plan with Discover D-PAS requirements for terminal configuration and Implementation Conformance Statement.

Using the KaNest®-ICC Test Suites, ICTK will be able to provide very efficient evaluation process services.

François Inglebert, Marketing Director, Testing Solutions at Galitt added: “We are very proud of seeing ICTK selecting our implementation of the Discover D-PAS Contactless Terminal test Suite. It means ICTK recognizes the level of efficiency and of quality that we are bringing to the industry to face the continuing challenge of EMV deployment and interoperability throughout the world, and specifically in South Korea.”

Galitt offers comprehensive and ready-to-use Test Suites to prepare accepting devices or cards for approval testing of International Schemes. The user-interface is specifically designed for processing of a huge number of Test Cases, and allows reducing considerably the time required for processing the full Test Plans.

About Galitt (www.galitt.com) - Galitt, a Sopra Steria company, offers consulting and services dedicated to payment systems and secure electronic transactions. With a full set of recognized skills and know-how, Galitt assists its clients during the whole project life cycle: experts from the *Payment Consulting* Unit with their innovative approaches shed light on strategic choices; consultants from the *Payment Services* Unit support customers implementing their payment projects; teams from *Testing Solutions* Unit develop test software and take an active role in test automation and certification processes; staff from the *Payment Solutions* Unit build and run added-value payment applications; trainers from the *Payment Education* Unit broadcast Galitt expertise and skills during their seminars.

Catti™, KaNest®, VisuCard®, G-Tokenizer™ and VisuBank® are software designed, developed and maintained by Galitt that may also host and operate them.
