

## PRESS RELEASE

### *Pacific Energy group adopts Galitt's Catti™ Petrol solution*

**Boulogne (France), November 12<sup>th</sup>, 2013**

**Galitt is proud to announce its Catti™ Petrol integrated solution has been adopted by Pacific Energy Group, a leading petrol products distributor in the South Pacific area. Catti™ Petrol supports all phases in the petrol card lifecycle from its issuance to its use, and includes all steps of the interaction between the petrol distributor and its customers.**

Catti™ Petrol is a single tool able to manage all aspects in the life of a petrol card, specially designed for petrol distributors. Catti™ Petrol includes customer management, card issuance, all aspects of card acceptance, as well as associated card processing. Catti™ Petrol functionalities have recently been expanded, in order to provide the petrol distributor with the most user-friendly and modular tool to manage and analyze all financial flows associated with its sales.

Catti™ Petrol is adapted to all equipment suppliers that can be met at a petrol station. The solution is seamlessly integrated with all fuel dispensers, cash registers, and more globally payment systems as well as POS terminals. Catti™ Petrol is a full ready-to-use solution that supports all steps in the petrol card lifecycle. Catti™ Petrol is able to interface with multiple card issuers including those of petrol distributors, supermarkets, or companies specializing in petrol cards. In addition, Catti™ Petrol allows performing transactions in a variety of currencies within a single system.

Pacific Energy has chosen Galitt's solution to support the variety of its already installed equipment in over 50 stations in New Caledonia, Fiji, and other islands in the South Pacific. Catti™ Petrol supports all payment solutions including traditional POS terminals, light-client POS terminals, pay-at-pump terminals, and more generally all payment systems. Also, Pacific Energy is issuing both a postpaid fleet card, and a prepaid card, and is now considering issuing its own loyalty card, all functionalities directly supported by Catti™ Petrol. For Pacific Energy, adopting Catti™ Petrol solution brings a decisive advantage vs. its competitors, and ensures the company will keep and develop a long-term relation with its customers.

Ismael Miloud, Information Systems Manager at Pacific Energy declares: "Our fleet card is the flagship product of our offer and our focus was to evolve towards an efficient system that could support all payment cards. We are now completing the phase 1 of the project with the launch in New Caledonia; we are confident everything will be under control, and we will reach an even better satisfaction of our customers. Then, we will deploy it in other countries, and we will launch our loyalty card with Galitt."

Jean-Michel Mamann, Executive Director, Engineering & Technology, Galitt adds: "Catti™ Petrol takes into account all steps in the card issuance, payment, loyalty and management. We are very happy to have been selected by Pacific Energy, as they implement all modules of our product. We will be able to support our customer for all its future projects and its will to reinforce its positioning on the highly competitive petrol distribution market in the Pacific islands."
