

PRESS RELEASE

Galitt once again in front row with the qualification of the latest GlobalPlatform Card Test Suite

Boulogne-Billancourt (France), December 5th, 2011

After becoming, at the beginning of 2011, the first test tool ever qualified by the GlobalPlatform compliance program for its GP UICC Configuration Test Suite, Galitt has confirmed its leading role in getting again front row qualification for the GlobalPlatform latest card testing program: the Basic Financial Configuration.

Leveraging its KaNest[®]-ICC simulator as a card test tool, Galitt has implemented the GlobalPlatform Test Suite released for the Basic Financial Configuration to create the KaNest[®]-ICC GP BFC Card Test Suite. It embarks all the KaNest[®]-ICC features, such as easiness, user-friendliness and abilities to execute tests quickly and to automate test processing.

Following the highly demanding evaluation process set forth by GlobalPlatform, the KaNest[®]-ICC GP BFC Card Test Suite has again proudly caught the very first wave of qualification earlier this month and can therefore be officially used to evaluate compliance of GlobalPlatform implementation dedicated to the banking sector.

François Inglebert, Sales Director of Galitt, stated: "As GlobalPlatform is continuously expanding its Compliance Program, we are happy to demonstrate again our commitment to bringing the best-of-breed testing tools to the industry. We will continue to deliver and maintain cutting edge testing tools for all sectors addressed by the GlobalPlatform standards."

About Galitt (www.galitt.com) – For more than 20 years, Galitt has been offering consulting and services in payment systems and secure electronic transactions. Regarding consulting and assistance, Galitt is providing its customers with services from strategic choices to system implementation via system design and support: business consulting, EFT business analysis and expertise, audit and security, design, specification & project management, acceptance testing, technical assistance and development, training.
